## GERMAN IMPERIALISM IS SUPPLANTED BY INDIVIDUAL POWER AND SENSE LIBERTY

By Associated Press.  
Berlin, June 28.—Large-scale Berlin, solid, clean and monumental, is even more impressive than in pre-war days and bigger with its 4,000,000, but different.

Something is missing. Something intangible at first to the observer returning after many years, yet something that seemed vital in other days has gone.

**Liberty Supplanted Imperialism**  
One becomes suddenly conscious as did the correspondent after fifteen years absence that what has vanished are all suggestions of the stupendous imperial system that dominated the imagination and was everywhere visible in the smartly uniformed officers, soldiers, goose-stepping guards at the Brandenburger Tor, the Kaiser's abode or in automobile sweeping through Unter den Linden with his trumpet sounding a lively air. The disappearance of all this causes a first impression of emptiness.

But something else has replaced the outwardly splendid imperialism with its concentration of power and social distinction. It takes only a short time to become aware that the big germinating things are the sense of liberty and the rise of a new aristocracy of money. The German feels more individual and the peaks of power are less remote. His own employer may be one of them. He himself has the chance to rise to heights unthinkable under the old regime.

A new attitude of mind toward life and the individual vision of possibilities make the supreme contrast.

**Capital's Exterior Moving**  
Turning from the subjective Berlin to the objective, the exterior of the capital has much changed in the immense expansion toward the West End. New wide avenues and apartment houses are eating into the Grunewald. The solemn quarter of the Kaiserin Augusta square with the memorial church is now a blazing night center.

Thousands of those who aided in the old system are now struggling in obscurity and distress. They have been shouldered from the frame of the new state, because they are in no way adapted to it or refuse to accept it.

**Old Royalists in Distress**  
Take a type, Count von Wedel, a great personage at the Imperial Court. Now he is living in severe circumstances clinging to his country place on account of family traditions. His associations are among friends equally hard pressed. The conversation at their sparsely arranged teas and dinners is described at bitter comment on the generally hopeless outlook for a topsy-turvy world and the fresh misfortunes of others of their rank.

There are glimpses of poverty, privy councillor of importance in the monarchist party remarked that a councillor's coat was worn and shiny.

"It is probably the only one he has," was the reply. "He will will probably lunch off a piece of bread and sausage."

**One-Third Old For Regime**  
"Would the German people like to have the Hohenzollerns act?" was asked as an eminent member of the present government.

"We find that about one-third would prefer the old government," replied the statesman. "Germans have been led so long by authority, ordered about for so many generations that part of the people regret the master. One in three would rather do what to do than take the responsibility of thinking and deciding. Then too a certain number of persons dependent on the old order, who have nothing but themselves left, long for the old days."

"The other two-thirds?"

**Monarchs Biding Time**  
"They do not want the president disturbed. Either they believe in the republic or they are so tired of uncertainty and confusion in business that they support the republic."

As to the future, it would seem that monarchist leaders such as Count von Westarp, High Admiral von Tirpitz, Dr. Otto Hoetsch, young Prince Bismarck and Professor Rothe, rector last year of the Berlin University, are of one mind in that nothing should be attempted for the present, a decade hence, perhaps.

**Blanton Withdraws Protests.**

By Associated Press.  
Arlene, Texas, June 28.—All protests to placing the name of his opponent, J. R. Smith of Burnet county, on the Democratic primary ballot in the nineteen counties of the 15th congressional district were withdrawn today by Congressman Thomas L. Blanton.

## LEHANE ANNOUNCES CONSUMMATION PLANS TWO BIG SYSTEMS MERGER TO BE FINANCIAL AND NOT PHYSICAL, IT WAS STATED

By Associated Press.  
San Antonio, June 28.—A merger of the Cotton Belt Railroad and The Missouri, Kansas and Texas, was announced Monday by J. F. Lehane, vice president of the Cotton Belt upon his arrival in San Antonio.

The merger will be financial and not physical and it will not interfere with the competitive business, Mr. Lehane said. Both the Katy and the Cotton Belt run a four-day fast freight out of St. Louis daily for Texas, the Cotton Belt joining the Southern Pacific at Corsicana.

When asked if the San Antonio Southern and Texas-Mexico would come under the new organization, Mr. Lehane said that he knew nothing of it if it were contemplated.

## CRAZED BALTIMORE NEGRO SHOOTS FIVE BEFORE SHOT DEATH

WOUNDS THREE PATROLMEN AND WOMAN AND GIRL IN MARYLAND CITY

By Associated Press.  
Baltimore, June 28.—Riot squads were called out today when a crazed negro shot three policemen and probably two other persons before being killed by a wounded patrolman in northwest Baltimore.

The negro, sitting on the front steps of a house in Argyle Avenue, leveled a shot gun and fired point blank as a police car containing three patrolmen passed along the street. The patrolmen, Webster Schuman, August Benesch and Thomas Dillon, all were wounded.

As the negro started to run, police reported, a woman and a girl crossed his path, and he fired at them. They dropped to the sidewalk. Schuman, himself suffering from gunshot wounds, then shot the negro to death.

## TRAGEDY ENACTED IN TAMPA, FLORIDA HOME EARLY TODAY MYSTERIOUS AXE MURDERS TAKE TOLL OF FOUR IN ONE FAMILY

By Associated Press.  
Tampa, Fla., June 28.—Four members of the Rowell family were killed in their home here today, their heads crushed with an axe which was found nearby. Three were dead when found and the fourth, Lena Rowell, aged 16, died before she could explain the attack.

The dead are: Bee Rowell, aged 45, a carpenter; his mother, and Ira Rowell, aged 30, her nephew. Lena Rowell was a niece of Mrs. Rowell. The bodies were discovered by Miss Ruby Silner who went to the home this morning, accompanied by her father, to go with Lena Rowell in search of work. Getting no response to their knocks, the girl looked in a side window and saw the bodies.

Police could find no cause for the crime and a coroner's jury that was called adjourned until Wednesday. Neighbors told of hearing a commotion and loud voices in the house about 1 a. m. but apparently nobody investigated at the time.

## GREAT DAMAGE IS DONE BUT DETAILS CASUALTIES MEAGER

ADVICES STATE THAT MANY HOUSES WRECKED OVER WIDE SECTION

By Associated Press.  
Rome, June 28.—The village of Arkhangelo was wiped out and several other towns on the Island of Rhodes were seriously damaged in Saturday's earthquake which was felt throughout the Mediterranean seas, Asia Minor, Southern Italy and North Africa.

As far as is known only one person was killed. Several were injured. Greater loss of life was prevented by the flight of the population as soon as the first intimation of the dreaded tremor was felt.

By Associated Press.  
London, June 28.—Meagre details were available today regarding casualties in the severe earthquake, which shook the Mediterranean countries Saturday evening.

In view of reports of the collapse of thousands of buildings, it would seem probable that casualties were numerous.

Advices from Rome are that more than 2,000 houses on the Island of Rhodes in the Aegean Sea were razed and that the villages of Arkhangelo, Armina, Apolakkia and Monitilla suffered severely.

The center of the disturbance was in or near the Cyclades or Crete. The shocks are thought possibly to have been due to the sudden activity of a volcano on the Greek Island of Santorini. The archaeological museum at Candia, Crete, containing many antiquities was wrecked.

At Athens, communications apparently were broken by the shocks.

The quake shook Northern Egypt severely, causing great alarm at Alexandria, Port Said, Cairo and Ismailia. Some advices are that many buildings were thrown down while others had their walls cracked. Few casualties have been reported from these places. There were several fatalities in the Egyptian country side.

Palestine, including Jerusalem, was shaken, but no damage or casualties have been recorded. According to late reports from Rome, 2,000 houses collapsed in four villages of the province of Foggia. Nothing was said in the dispatch about casualties.

Malta seems to have escaped with harmless shakes, which, however, caused great alarm among the inhabitants.

## TINCHER FARM BILL DENOUNCED BY HEAD CORN BELT FARMERS

By Associated Press.  
Columbia, Mo., June 28.—The Tincher \$100,000,000 farm credits measure, sponsored by President Coolidge was vigorously denounced by William Hirth, chairman of the Corn Belt Committee, in a statement issued here today.

The bill provides for the farmers loans for which they have not asked, and which they do not want, Hirth declared, adding that the farm organizations "Don't want charity in the form of unsecured loans."

## ACUTE DISTRESS AT LEON BEING RELIEVED AND DEAD BEING RESCUED AND BURIED

By Associated Press.  
Mexico, City, June 28.—Dispatches from Leon, where the flood waters of the Gomez river inundated large sections of the town, indicate that distress has been somewhat relieved by the arrival of food trains and clothing, medical supplies and tent hospitals.

Soup kitchens have been established, other large quantities of necessities are on the way, but muddy highways and the damaged railroad lines are handicapping transportation.

Portions of the town are still flooded. Bodies of persons drowned continue to be found. No estimate has been made of the number of fatalities. Houses weakened by the flood are falling. One thousand houses have already been entirely washed away. The destruction of all crops in the region surrounding Leon is reported as complete.

BIG CELEBRATION  
HONOR FOURTH JULY**

Arrangements have been completed for the big Fourth of July celebration to be held in Dawson July 5, and from present indications, it appears that it is going to be one of the biggest events of its kind ever held here.

The candidates of the county will have a meet here, beginning at 10 o'clock in the morning, and each candidate will tell the voters of this vicinity just why he should be elected. So far, two speakers in the governor's race are scheduled to speak here at 2 o'clock in the afternoon, Hon. Thomas B. Lové of Dallas for Moody, and Hon. Wayne Howell of Corsicana for Davidson. Probably other candidates for governor will have representatives here. The candidates will occupy a good part of the day in speaking and it is an opportune time for you to select the man you want to vote for.

In the afternoon at 4:30 o'clock, a double header ball game will be played which promises to be very interesting.

Probably the most interesting occurrence of the day will be the free fireworks display at night. The display will be similar to that put on at the Dallas Fair and Cotton Palace last year.

Other amusements for the entertainment of the large number of people who will be here are being worked out by those who have the picnic in charge, so don't fail to be here. Bring your lunch, and come early, prepared to spend the entire day. There will be entertainment for you all day.—Dawson Herald.

**CITY POLICE HAVE  
BUSY WEEK-END AND  
ARRESTS NUMEROUS  
ONE ARREST FOR THEFT  
AND ONE ON CHARGE OF  
RAPE, BOTH NEGROES**

The Corsicana police officers experienced something of a busy week-end, and aside from the usual routine of speeders, violators of traffic laws and such minor offenses, there were several of a more serious nature taken in by the officers over Saturday night and Sunday.

Officers were called to the Union Station and there placed an alleged negro preacher under arrest on a charge of theft. It is charged that the alleged minister of the gospel went out with a crowd of his own color and persuaded those in the crowd that he was the proper custodian for the funds of all and that it would be safer with him. His eloquence was convincing to the members of his race and he collected, it is charged, the sum of \$150 and is then alleged to have skipped out. He was taken in charge by the city officers and the case was then transferred to the county.

A call was answered to East Seventh avenue and the Trinity & Brazos Valley railroad where a negro was arrested on a charge of rape of a 10-year-old negro girl. He was arrested and placed in jail to answer to the county.

A Mexican is alleged to have become "ginned up" and gone to a negro church on South Twelfth street. His actions were such as to cause the police to be notified and he was taken in charge and charges of being drunk and disturbing the peace were lodged against him.

One affray, three speeders, two charges of disturbing the peace and one left turn completed the police court blotter Monday morning.

## CLAIM INDEPENDENT SERVICE STATION MEN BEING FORCED CLOSE

### CHAIRMAN EXECUTIVE COMMITTEE OF ASSOCIATION ISSUES STATEMENT

By Associated Press.

Dallas, June 26.—The Independent Service Station Dealers' Association of Dallas County announced today that six gasoline retailers of the county had been forced to close their doors the last week because of inability to make satisfactory arrangements with major oil companies.

H. O. Dooley, chairman of the executive committee of the association, stated that the pinch of the recent gasoline price changes was beginning to be seriously felt by uncontrolled independent service station owners.

"The effort of the major companies to put the independents out of business is beginning to be successful," said Mr. Dooley. "The half dozen stations which closed up within the last six days were forced out of business. They either had to do this or become employees of the major companies and turn their stations over to these companies."

"The station men report that the majority of gasoline users do not seem to realize what it foretells for them. In my opinion it eventually means 25c or 30c gasoline when all the independents are put out of business."

### Long Prairie Picnic Be Held July

Inasmuch as the Fourth of July falls on Sunday this year, the annual picnic for the benefit of the Long Prairie Cemetery will be held on Friday, July 2nd.

Remember the date, Friday, July 2nd, and come with well filled baskets and enjoy the day with your friends.

### WM. CLOWE PASSED AWAY LATE FRIDAY; FUNERAL SATURDAY

#### PIONEER RESIDENT A N.D. FLORIST DIES AFTER BRIEF ILLNESS

Funeral services were held Saturday afternoon at 5 o'clock for Wm. Clowe, aged 76 years, pioneer resident of Corsicana and one of the leading and original florists of Texas. Mr. Clowe passed away Friday afternoon about 5 o'clock after less than a week's illness at his home at the corner of North Fifteenth street and Park avenue. Funeral services were held in St. John's Episcopal church with the Rev. H. J. Ellis, the rector, conducting the services, and the choir furnishing the music. The Rev. Eugene W. Potter, pastor of the First Methodist church and a close friend of the deceased, officiated at the grave.

The active pallbearers were the four grandsons and two grandsons-in-law of the deceased, as follows: Vivian Mowlam, Arthur Mowlam, Alfred Clowe, John Raymond Clowe, George Hudson and B. T. Gache.

Honorary pallbearers were as follows: H. D. Johnson, R. L. Hamilton, W. H. Hastings, J. Frank Williams, E. M. Polk, S. P. Story, R. P. Watt, Wm. Clarkson, Bush Wofford, Dr. I. N. Suttle, W. P. McCammon, John C. Hughes, Wayne Howell, H. F. Marr, W. W. Gage, Claude Allen, G. F. Hasham, O. N. Hanna, Sherman; Otto Lang, Dallas; Robert C. Kerr, Houston; J. W. Begby, Shreveport; Edgar Hall, Austin; Wise, Adkison, Greenville.

Wm. Clowe was born in England near the city of Ely, 78 years ago and came to America in 1882, coming straight to Texas. He settled first at Goresbeck, where he remained for two years, removing to Corsicana in 1884. Mr. Clowe might well be called the dean of Texas florists, having, with his late wife, opened a greenhouse and florist business in Corsicana in the year 1885. Aside from being a lover of flowers, Mr. Clowe was a botanist of note, and thirty-five years ago was offered the chair of botany in the Texas Agricultural and Mechanical College, which he declined to accept. From a small beginning Mr. Clowe had persevered until he had built up one of the largest florist businesses in Texas, especially in the smaller cities. He knew flowers and loved them, and only a few days before his death he had worked among the beautiful blooms and plants he had inspired him throughout his life.

Mr. Clowe was a life-long and devoted member of St. John's Episcopal church and was to be seen regularly in his accustomed place well up toward the front. He attended Sunday school and church last Sunday. While espousing the faith of the Protestant Episcopal church, he was not narrow in his views and was frequently seen in attendance upon the services of other denominations. Mr. Clowe was a man who practiced his religion seven days a week, and not merely on Sunday. He was a devout follower of the week and lowly Nazarene and carried his lowly with him wherever he went, though he was in no sense of the word a fanatic. He was a beauty in all nature and many interesting and instructive articles on the proper care of trees and plants have appeared in the Daily Sun from his pen from time to time.

Mr. Clowe was married in England. His wife, who was his helpmate in every sense of the word, preceded him to the grave some three years ago. They not only were companions in the home but in business as well and for forty-nine years lived an ideal life together before the beloved wife passed away. Two children survive, Mrs. W. A. Mowlam and Harry A. Clowe. Mr. Clowe is also survived by nine grandchildren.

Mr. Clowe was a good man and a good citizen in every sense of the word. He was always to be found on the side of morality and righteousness and civic cleanliness and progress. Truly it can be said that the world has been made better for Wm. Clowe's having lived therein, and he practiced diligently the precept that we pass this way but once and we should so live as to leave naught but good and pleasant memories for those who remain behind. He was a friend to man and loved children is only those who can who love God and follow his teachings.

A large number of friends gathered at St. John's church Saturday afternoon and after the services there followed the remains to their final resting place in Oakwood, where he was laid to rest beside the companion he loved so dearly, under a mound that was completely hidden from sight by flowers that told mutely yet touchingly of the love and esteem in which he was held by those who knew him best and therefore loved him most.

### LOCAL CANDIDATES SPOKE OAK VALLEY THURSDAY EVENING

#### JOINT SPEAKINGS CREATING MUCH INTEREST AMONG COUNTY VOTERS

The candidates spoke at Oak Valley Thursday night in presenting the claims for election to the voters in that precinct. They will speak at Navarro tonight and at Blooming Grove Saturday night. The campaign is gaining momentum with new sidelights being inducted into the political sweepstakes.

However, there is no mud-slinging but earnest appeals are being made by most of the contenders for office.

The speaking took place from the porch of the school house. J. Walter Little presided and introduced the speakers. The night was delighted with a harvest moon casting soft beams upon field and meadow.

The speakers were Jack Megarity and Rod F. Kenner, who are running for commissioner of precinct one. N. F. Garrett, also a candidate for this office, did not appear.

J. J. Howard and Allen Calaway, candidates for constable, precinct one.

John W. Stewart and W. T. Wilson, candidates for sheriff.

Mrs. W. B. Hervey, W. L. Merritt and Frank R. Young for county clerk.

George Woods and W. W. Harris, for county attorney furnished the hottest appeal of any of the other contenders, it is reported. This race is gaining in interest from day to day.

For county superintendent, J. M. McClintic, D. H. Banks and Andrew G. Steele presented their candidacy.

For tax assessor, W. B. Payne, Dodge J. Martin, W. H. Channing, A. M. Keathley and Mose Wells spoke briefly, but earnestly.

W. M. Taylor and Warren Hicks presented their claims for election to the office of county judge.

This race is also warming up and much interest is being created in the issues.

H. E. Wassell, candidate for territorial representative, comprising the counties of Navarro and Hill, spoke. His opponent, Wm. A. Fields, of Hillsboro, has not entered Navarro county so far this year.

Hon. J. R. Irwin of Dallas, candidate for attorney general, was present and briefly announced his candidacy. Mr. Irwin was ill and could not speak at the county court house but changed his plan on account of the Chautauqua being held here this week. He said he did not want to interfere with the Chautauqua attendance.

Inasmuch as the local candidates had arranged to speak at Oak Valley, Mr. Irwin joined them. He was about town meeting voters all day Thursday.

Quite a number of people attended from Corsicana, driving out in cars. A large crowd gathered from the Oak Valley community and from a number of adjoining precincts.

The Oak Valley Sunday school operated the cold drink concession. Business was good, and as the crowd left, all the soda water and ice cream had been sold out.

The various candidates were afforded good opportunity to make personal solicitation for votes.

All were busy handing out cards

## SENATOR WITT IS DAVIDSON SPEAKER IN NAVARRO COUNTY

ADDRESSES VOTERS AT DAWSON AND BLOOMING GROVE  
FRIDAY AND SATURDAY

Special to the Sun.

Dawson, Texas, June 26.—Speaking here Friday afternoon at a large gathering of Navarro county farmers and business men of this town, Senator Edgar E. Witt of Waco, declared Lynch Davidson is the only man in the gubernatorial race who has the business training necessary to give Texas the kind of an administration the State so badly needs today.

Senator Witt said the problems of the governor are not legal or technical but are the same that any first-class business man encounters in private life. "Lynch Davidson has demonstrated his ability to succeed as a citizen and the State needs his help at this critical time," Senator Witt said. "Texas is paying the highest tax rate in history and getting less for the money than ever before. Taxes should and can be lowered, but first we need a man at the helm who can get us our money's worth for what we are paying into the treasury."

Senator Witt charged that the Standard Oil interests and the liquor interests are "pouring" the greatest flood of money into the present political campaign that the State has ever seen and that these "powerful and pernicious interests are back Dan Moody for governor."

"The people of Texas know this to be a fact and are not willing to let foreign monopolies make a second Pennsylvania out of this state," he said. "Moody is losing ground rapidly. Jim Ferguson, past master of political trickery, is taking advantage of the situation. He knows Moody is not strong enough to beat him in the run-off and he is trying to turn every anti-Ferguson vote to the Attorney General in the hope that he can pick his own opponent for the finals. If Moody should win in place in the last primary against Ferguson, Texas is certain to have two years more of Fergusonism."

Speaks Blooming Grove Saturday.

Blooming Grove, Texas, June 26.—The Standard Oil Company is trying to get a strangle-hold on Texas politics just as it has done in Pennsylvania and in some other states," Senator Edgar E. Witt of Waco, told a crowd of farmers and business men here this afternoon, when he spoke in the interests of Lynch Davidson, for

"The oil combine and the liquor interests are spending money lavishly in the campaign to elect Dan Moody, and if they succeed they will take over this state government lock, stock and barrel," Senator Witt said. "Jim Ferguson eliminated himself from consideration when he suggested that the people of Texas repudiate the road bonds. Every right thinking man recognizes the moral responsibility of the State, and the proper steps will be taken to set Texas right in the eyes of the rest of the world. Ferguson has insulted the self respecting element of the people, and he is certain to receive a just rebuke at the polls."

"The only people not paying their taxes on these road bonds today, are the subsidiary corporations of the Standard Oil Company. This huge monopoly seeks to control Texas politically, it tries to crush all competition and raises the price of gasoline to finance its manipulations, and yet it is the only element taking advantage of an unfortunate situation and refusing to pay its just debts. The farmers and business men of the State have paid this tax without protest, because they know it is a just obligation."

Senator Witt said that Ferguson realizes Moody as his weakest opponent, and is seeking to maneuver him into a run-off match, believing such a course is his only salvation. He said that Davidson stands squarely on his past record and his present pledge to give Texas the best business administration of which he is capable.

Another Good Mother Gone.

Mrs. Rob Pierce of Trinidad died Monday night, June 7, in Navarro County Hospital about 9:20, after a brief illness of only a few days. She was rushed to the hospital for an operation, but it was too late, for her appendix had already burst.

Mrs. Pierce leaves a husband, two sons and two brothers (J. P. and Ernest) and a fond, loving mother to mourn her departure.

She was about 48 years old and was a consistent member of the Baptist church.

Weep not, dear ones, as those who have no hope, for she has paid the debt that we must all pay.

She was a good and kind companion, a tender, affectionate mother, and a true sister as well as an enthusiastic Christian worker. May God bless the broken-hearted and may you be able to say, "They will be done, not ours."

The remains were buried at Trinidad, Tuesday, June 8.

## LINES DRAWN FOR BATTLE IN TEXAS AMONG REPUBLICANS

CREAGER-NOLTE AND WURZ-  
BACH Factions Say Fight  
TO BE TO FINISH

By Associated Press.

Austin, June 26.—Leaders of both factions announced a fight to the finish, and battle lines were tightly drawn, as a fight for state-wide control of the Republican party in Texas between Harry M. Wurzbach and the Creager-Nolte faction got under way in San Antonio Friday.

Congressman Wurzbach, surrounded by his supporters at his headquarters, issued a defi to the Creager-Nolte leaders, and predicted that state control of the party is rapidly swinging to his side.

A short distance away, R. B. Creager, national committeeman, State Chairman Eugene Nolte and Leonard J. Withington, state secretary, were in conference. Although declining to comment specifically, Creager admitted that the fight no longer is between the opposing forces of the Fourteenth district but that control of the entire State is the objective of both factions.

"I don't deny that I'm making a fight not only for congress, but something of much greater importance—the control of the Republican party in Texas," Wurzbach declared. "The management of the party needs to be taken out of the hands of the Creager-Nolte combination which has used it not for the people, but for their own selfish personal aggrandizement."

By polling a plurality vote for E. P. Scott, of Corpus Christi, candidate for governor, Congressman Wurzbach said, he expects to route the Creager-Nolte faction who have brought out H. H. Haines of Houston. This, in the July primary, he asserted, will definitely show that State control has swung to his side.

Creager asserted that Friday's

caucus was to discuss state wide

primary plans.

I'll say that Treasure Hunting Pays. I nosed my way through the crowd Wednesday at Marks Bros. and there was no further question in my mind but that the Treasure Hunters were having a picnic.

Treasure hunting in the summer time is just like getting news from an attorney that an aunt has died and left you so much money.

After I got out of the jam at Marks Bros. I moved to the busy corner where they sell Furniture. Miles is his name. He's not so far away as you'd think from seeing his name in print. He gets close to you when he quotes you prices on some of his Treasure Bargains. I'll tell the whole community that the folks were in his store to day. It was bargain day at Marks. When a fellow walks down to one of those rustic rockers or vase models, porch furniture, it makes a fellow feel as cool and comfortable as if he were swimming in Corsicana's \$75,000 swimming beach?

Comeing on up I could see them darting into McPherson's with a kinda Scotch swing to their step and a large and elaborate display of both night and daylight fireworks.

It is an evident fact that this will be a truly fitting and unique way of celebrating our Sesquicentennial anniversary of the independence of the United States since this will be the first time that any united efforts have been made to stage gigantic fireworks display.

**STATE FAIR OFFERS \$10,000 PRIZES FOR AGRICULTURE WORK TO BE DISTRIBUTED OVER TEN COUNTIES FOR FIVE-YEAR PERIOD**

Special to the Sun.

Dallas, June 26.—How much agricultural fertilizer will \$10,000 buy?

During the next five years, the sum of \$10,000 in cash is to be paid to ten Texas counties by the State Fair of Texas, and the counties may spend it for actual fertilizer or as best they see fit. Just so it goes to the advancement of agriculture within the Lone Star State.

Joining hands with other agencies whose effort is for better and more diversified crop production, the State Fair of Texas has announced that \$10,000 is to be distributed among the Texas counties during the five-year period beginning with the 1926 State Fair, Oct. 9-24, and ending with the annual exposition of 1930. This sum is in addition to the \$5,000 in cash prizes offered by the State Fair each year for county exhibits.

According to the announcement, made through J. L. Lancaster, director in charge of the agricultural department, the \$10,000 will be awarded to the ten counties making the highest scores for county exhibits at each annual Fair. During the five-year period, competing counties will be scored on their annual exhibits. At the end of the period the highest total scores will constitute the basis for the awards.

First prize will be \$2,500, with \$2,000 as the second. The next three counties will each receive \$1,000, and the remaining five, \$500 each.

Basis of the scoring will be 50 points on county exhibits, and 25 points each on the showing of boys' clubs and girls' home demonstration club exhibits. Club exhibits must be entered by members of bona fide Texas agricultural clubs, working under the regulations of the extension department, A. & M. College of Texas, in co-operation with the United States department of Agriculture.

It is provided that the winning counties shall use the prize money in agricultural development—one-fourth each for boys' and girls' club work, and the remaining one-half for other agricultural extension effort.

Prize money is to be paid to an agricultural committee in each winning county, the personnel of which shall be named by the State Fair, and endorsed by the director of the extension department. County commissioners' courts also in the several counties will also be members. Those committees will have charge of the expenditure of the funds.

Keenest interest is already manifest, it is declared, and the result, it is confidently expected will be a most comprehensive demonstration at every Fair, not only of production, but also of improved methods of intensified and efficient cultivation.

**IMPORTANT MEETING OF TEXAS HIGHWAY ASSN. AT GALVESTON**

Special to the Sun.

Fort Worth, June 26.—One of the most important annual meetings in the history of the Texas Highway Association will convene in Galveston, July 5 and 6, at the Galvez Hotel.

The activities and accomplishments of the association since its organization in 1922 will be outlined by W. E. Lea of Orange, president of the association. Following this Wm. T. Wheeler of Fort Worth, secretary-treasurer, will make his report.

According to the large number of letters received at the association's headquarters, the meeting will be largely attended, and much good is expected to result from actions taken at the convention.

The Texas Highway Association inaugurated the movement to validate outstanding district road bonds last March, which has resulted in several important meetings out of which committees were formed that have conducted a state wide campaign urging the governor to call a special session of the Legislature for the purpose of passing validating legislation.

J. A. Kemp of Wichita Falls and Mayor H. C. Meacham of Fort Worth will lead the discussion on the bond muddle. Mayor H. C. Meacham, who with the two men mentioned above was a member on the validation committee of the association, will also speak on this subject and on the importance of a connected system of highway maintained by the State.

"Ten years of Federal highway aid will be discussed by A. R. Losh, Fort Worth, Federal district engineer.

Among the resolutions that will be presented to the legislative committee will be one for the adoption of civil service regulation. This suggestion will come as part of the address of J. C. McVea of Houston, president of the Texas Division, American Society of Civil Engineers. Such a law is now in effect in several states, among them New York and California, and has long been in operation in the Federal government.

A. P. Duggan of Littlefield, new president of the West Texas Chamber of Commerce, and Homer D. Wade, the new general manager will speak in general terms on behalf of the good roads program of the association. Mr.

**DIVIDED OPINION OF OKLAHOMA SUPREME COURT ON MATTER**

By Associated Press.

Oklahoma City, June 28.—The State Supreme Court held today that M. E. Trapp, who has acted as governor of Oklahoma since the impeachment of J. C. Walton in 1923, would be ineligible to hold the office if nominated by the Democratic party and elected next fall.

The vote was seven to two. The court ruled that Trapp has been governor in fact since he succeeded Walton, and that therefore, the constitutional inhibition against a chief executive immediately succeeding himself applies to Trapp, who was elected lieutenant governor in 1922.

The decision granted injunctions against the state election board and the state board of public affairs, restraining them from placing Trapp's name on the August primary ballot as a gubernatorial candidate.

The decision reversed the ruling of Judge William H. Zwick of the Oklahoma County District Court, which held that Trapp was eligible.

Justice John B. Harrison, senior member of the court and former chief justice, wrote the opinion. Justice Harrison was a member of the Oklahoma Constitutional Convention.

"When the elected governor becomes impeached, as is the condition presented here, the office of governor automatically devolves upon another," said the opinion. "The person on whom such office devolves necessarily fills such office, exercising all the powers, discharging all the duties and enjoying all the emoluments, compensations, honors and prestige which pertain to such an office."

**ANOTHER WITNESS TELLS OF SHOOTING SOMERVILLE MAN**

By Associated Press.

Beloit, June 28.—Another eyewitness of the fatal shooting of Constable Garrett A. White by W. S. Houston at Somerville last March was on the stand in the latter's defense here today.

Jim J. Duckworth, farmer, residing between Somerville and Navasota, said he was talking to Houston on the sidewalk, when Houston sprang forward, drew a pistol and began shooting at a man coming toward him with his head down. Duckworth said the man who was White, was fumbling with his sweater and trousers waistband with both hands.

Houston and White grappled after Houston had fired twice, and both men fell to the ground, after which other shots were fired, Duckworth said.

He said he did not interfere because he was afraid of getting shot. Houston got up and picked up White's pistol from the sidewalk and went into Tompkins' store, Duckworth testified.

Corsicana is designated by the Chevrolet Motor Company as the key city from which to serve the dealers listed above, comprising the Eleventh Division of the Texas Zone.

**AUTHORITIES ARE SEARCHING FOR CLUE IN M'PHERSON CASE**

By Associated Press.

Los Angeles, June 28.—With Aimee Semple McPherson safely returned to Angelus Temple, police and the district attorney's office today set themselves to the task of finding a solution of the evangelist's strange disappearance followed by her equally strange reappearance.

Among the clues which it is expected will be given consideration was one unsworn by the Temple yesterday, a lead which may shed some light upon the identity of "Rose," the woman member of the tribe which Mrs. McPherson asserted kidnapped her and carried her captive into Mexico.

Whether General Weyler, alleged head of the plot, has been arrested to overthrow Premier Primo de Rivera.

This information directly challenges the official note issued by the Spanish government to the effect that the revolutionary movement consisted of groups of syndicalists, republicans and "intellectual anarchists," assisted by a few discontented military men.

# LEHAY LOSES HABEAS CORPUS HEARING IN BEEVILLE TODAY, BOND REDUCTION IS ASKED

By Associated Press.  
Beeville, Texas, June 28.—A habeas corpus preceding the hearing of conspiracy to murder and the conspiracy to extort against H. J. Lehay, charged with the slaying of Dr. J. A. Ramsey, missing Mathis physician, was lost by the defendant at noon Monday when Judge T. M. Cox of the 36th district court refused to dismiss the cases.

At 1:30 p. m. a hearing was to start to reduce bond.

A near flurry was caused in the court room during the morning when District Attorney Sid Malone, accused the defense attorney, H. S. Bonham, in questioning that Malone had talked to the court about the case.

Heated words passed and ended when Judge Cox stated that neither of the counsel had broached anything about the trial to him.

Attorney Bonham argued that the conspiracy case should be dismissed on the grounds that it was untenable to hold a defendant on bond for two cases which could not be tried. He referred to the murder charge and the charge of conspiracy to murder.

Testimony will be introduced this afternoon only on the matter of reduction of bond.

## KIDNAPPING CHARGE WILL BE FILED IN CONNECTION HOLDING OF FAMILY GROCER

By Associated Press.  
Coalgate, Okla., June 28.—P. L. Gussoway, county attorney of Coal county, today said he would file kidnapping charges before night against Garney Hamlin, companion of Emmett Bales, who was killed Saturday night after he had terrorized the family of John Simpson, wholesale grocer, and held Simpson prisoner in a barricaded house on the outskirts of the city.

Hamlin, a worker at a local junk yard, was arrested and placed in the county jail before members of a sheriff's posse laid seige to the home of George Trice, local attorney, where Bales had retreated with Simpson.

Saturday morning, Bales, accompanied by Hamlin, intercepted the automobile in which Simpson, his wife, and nine-year-old son were driving to Henryetta for a weekend visit. The family was forced to go to an abandoned house on Bales' farm, about 15 miles from Coalgate.

Bales, formerly manager of a cooperative store at Tupelo, which burned several months ago, was attempting to force a settlement of \$15,000 which he claimed that Simpson, as trustee for the store, owed him.

Henry, Simpson's small son, escaped from the farm house, and informed the outside world of his parents' predicament. The sheriff of Coal county went to the farm house and persuaded Bales to let the Simpsons back to Coalgate, but after releasing Mrs. Simpson because suspicious and took Simpson to the Trice home. The attorney was absent.

After watching the house for several hours and withholding fire in regard for Simpson's safety, several members of the posse entered the house and one of them thinking Bales was reaching for a gun, shot him.

Bales was a former convict, having served a short term in the state penitentiary for the slaying of John Hall at Tupelo several years ago.

### DEMOCRAT TELLS OF EXPENSES OF CAMPAIGN FRIDAY

ADDITIONAL WITNESSES ARE HEARD WHILE WAYNE B. WHEELER WAITS

By Associated Press.  
Beeville, Texas, June 28.—Delay is granted.

Beeville, Texas, June 28.—Delay of one hour was granted by the court here this morning when the habeas corpus hearing of H. J. Lehay, charged with the slaying of Dr. J. A. Ramsey, missing Mathis physician, was resumed, in which Lehay seeks reduction of bond on a charge of murder, conspiracy to murder and conspiracy in connection with the disappearance of Dr. J. A. Ramsey, missing Mathis physician.

District Attorney Sid B. Malone of the 36th Judicial district, made no comment on what his procedure would be when court opened nor did the defense outline their plans.

It is pointed out that in the habeas corpus hearing it is necessary for the state to show probable cause that the offense has been committed.

San Antonio, June 28.—Still more of the mystery surrounding the disappearance of Dr. J. A. Ramsey is expected to be cleared at Beeville Monday with resumption of a habeas corpus hearing to reduce the end of a man held on several charges, one of them for the murder of the doctor.

Surprise evidence to show that Dr. Ramsey is still alive is expected to develop before the end of the hearing.

INSTALLATION OF NEW OFFICERS AND OTHER ENTERTAINMENT BE GIVEN

By Associated Press.  
Washington, June 25.—William B. Wilson, secretary of labor under Woodrow Wilson and new Democratic nominee for senator in Pennsylvania, was questioned today by Lehay seeking reduction of bond on a charge of murder, conspiracy to murder and conspiracy in connection with the disappearance of Dr. J. A. Ramsey, missing Mathis physician.

The witness said his personal expenses in the primary campaign amounted to \$88.81. He added that he was assisted in the campaign by William E. Porter one of the defeated candidates for governor, and that their campaign committee spent about \$10,000.

"Four thousand of that had been paid," said Wilson, "and \$6,000 had been obligated to be paid later."

Picking up an itemized statement filed by Wilson, chairman Reed mused over it smilingly, and said: "I see some startling accounts here for meals at the William Penn Hotel in Pittsburgh. Here is one of ninety cents, and still another of seventy cents. You get as low as sixty for a restaurant meal."

After a laugh all round, the former labor secretary said the \$10,000 outlay of the Wilson-Porter committee included all money spent in the cities and counties.

"Did you have watchers at the polls at \$10 a day or \$5 a day," asked Senator King, Democrat, of Utah.

"Not that I know of," Wilson said.

"We got only about \$4,500, and not so many watchers could be employed at that rate."

"Who guaranteed the remainder of the \$10,000?"

"Vance McCormick."

He referred to the Harrisburg publisher and former chairman of the Democratic National Committee.

After Wilson had left the stand and with Wayne B. Wheeler, waiting to continue his story of Anti-Saloon League activities the committee turned once more to the question of expenditures on behalf of William S. Vare, the successful Republican senatorial candidate.

Questions by Chairman Reed, A. Nevin Detrich, chief of the Highway Bureau in the Pennsylvania Treasury Department, and assistant manager of the Vare-Beldam ticket, said he visited Harrisburg in May and got Charles Musser, of the State Treasury to keep a wallet for him in the safe for the night.

The wallet was a \$1,000 bill which Detrich testified he was taking to a Mr. Lentz, chairman of the Vare committee in Mifflin county. "Where did you get the \$1,000 bill?" Reed asked.

"From Judge Watson, treasurer of the Vare campaign."

"Did you carry any other money over the state for Watson?"

"No, sir."

After leaving Harrisburg Detrich visited county chairmen in a number of counties westward of the capitol.

### DAVIDSON IS FIRST CANDIDATE TO FILE CAMPAIGN EXPENSE

By Associated Press.

Austin, June 28.—Lynch Davidson of Houston has spent \$4,244.23 in his campaign for governor, his report filed with the Secretary of State showed today. He was the first gubernatorial candidate to report his expenditures.

D. A. Gregg, acting secretary of state, has ruled that today is the last day the initial report may be filed. Mr. Davidson stated that he had received no contributions. The limit fixed by law for gubernatorial contributions is \$10,000, of which only \$8,000 may be expended in the first primary.
